The Anniversary Show presented by the Koninklijke Vereniging "Het Friesch Paarden-Stamboek" promises an evening of excitement and adventure

For the organizers of the Anniversary Show, last Monday was a very exciting day. They spent the entire day visiting locations to see the various parts of the Anniversary Show that will be presented in the WTC Expo in Leeuwarden in October of this year.

During this evening show, Friesian horses will make a trip around the world. From their birthplace in Friesland, these "leading characters" will visit various countries in a performance sure to enthrall the audience all evening long. What you can expect is a complete story, just as you would get when you go

to the cinema or theatre: the Friesian horse as the star in an evening of excitement and adventure.

A special training session was held on Monday evening for the act dedicated to Austria. Under the direction of Esther Liano, eight riders on four Friesian and four Andalusian horses performed with eight pairs of dancers for a show never before presented. This kür, especially choreographed for the anniversary show, is a harmonious collaboration between riders, horses and dancers. All the dancers are from Dance Centre Omar Smids in Leeuwarden. For them, it is a very special experience to dance surrounded by horses.

For the act focusing Africa, zebras, lions, elephants and rhinos are in the making. The creative team busy on producing these animals that will play roles in the KFPS anniversary show has thought of everything to make these props a sight to see. More than sixty members of the show staff have been working under the direction of Jolanda Schreuder to create these African animals.

The enthusiastic volunteers can be found at least twice a week at the Schreuder-Minkema family's home where they are working on the "birth" of various animals that will be taking part in the performance. Hour after hour is spent on shaping chicken wire, cutting and sewing material, and working with papier-mâché. The results are sure to be absolutely stunning! Together with the Friesian horses, the performance of these animals will make for a wonderful show.

Both the director and the staff of the show organization committee are extremely pleased with the performances that the members of the show staff and the volunteers have put together. "After seeing what we saw last Monday, we can ensure the visitors to the Anniversary Show of a grand spectacular show," says Joke Miedema of the KFPS.
